-----------------------	--	---	--

Application

Right nostril

<p>1 Swab**</p> <p>inside tip</p> <p>8 Rotations in one direction</p>	<p>2 Resaturate</p>	<p>3 Swab</p> <p>8 Rotations in other direction</p>	<p>4 Resaturate</p>
--	----------------------------	--	----------------------------

Ensure swab rotation covers all surfaces, including the **inside tip of the nostril**

Rotations per nostril: 16

5 Repeat Application Steps in left nostril using same re-saturated ampule. Discard ampule after use.

6 Repeat Cycle with **ampule 2** in pack. Use both ampules consecutively, one after another.

*Use only with sleeve on ampule. **Do not extend ampule into nose beyond swab tip.

Caution: Do not use if the patient has an allergy to orange oil or any of the ingredients, a history of nasal bleeding or irritation.

Intended Use: Nozin® Nasal Sanitizer® is a topical antiseptic used to decrease bacteria on the nasal vestibule skin.

Active Ingredient: Alcohol 62%

Please read entire product package prior to use. Apply to skin only. Advanced Antiseptic for PreOperative use. Popswab® Ampule. SKU: NNS40002
